FIG. 7

This exploded perspective view shows the assembly of the device. The main body 70 is a rectangular housing with a front face 90 and a back face 94. A display screen 96 is mounted on the front face. A control panel 104 is located on the front face, featuring three buttons labeled 104a, 104b, and 104c. A small circular feature 76 is also present on the front face. A long, thin tube 58 is connected to the back of the device. The tube has a curved section 60 and a straight section 64. A small component 74 is shown separately, likely a connector or plug. A separate component 100 is shown at the top, which appears to be a protective cap or a separate module, with a circular opening 92 and a rectangular opening 98.
